

Fire Keeper AI (防火女AI)

Init: 02/01/2025, The project officially initiated...

May the flames guide thee. A Dark Souls inspired AI assistant for task management and conversation.

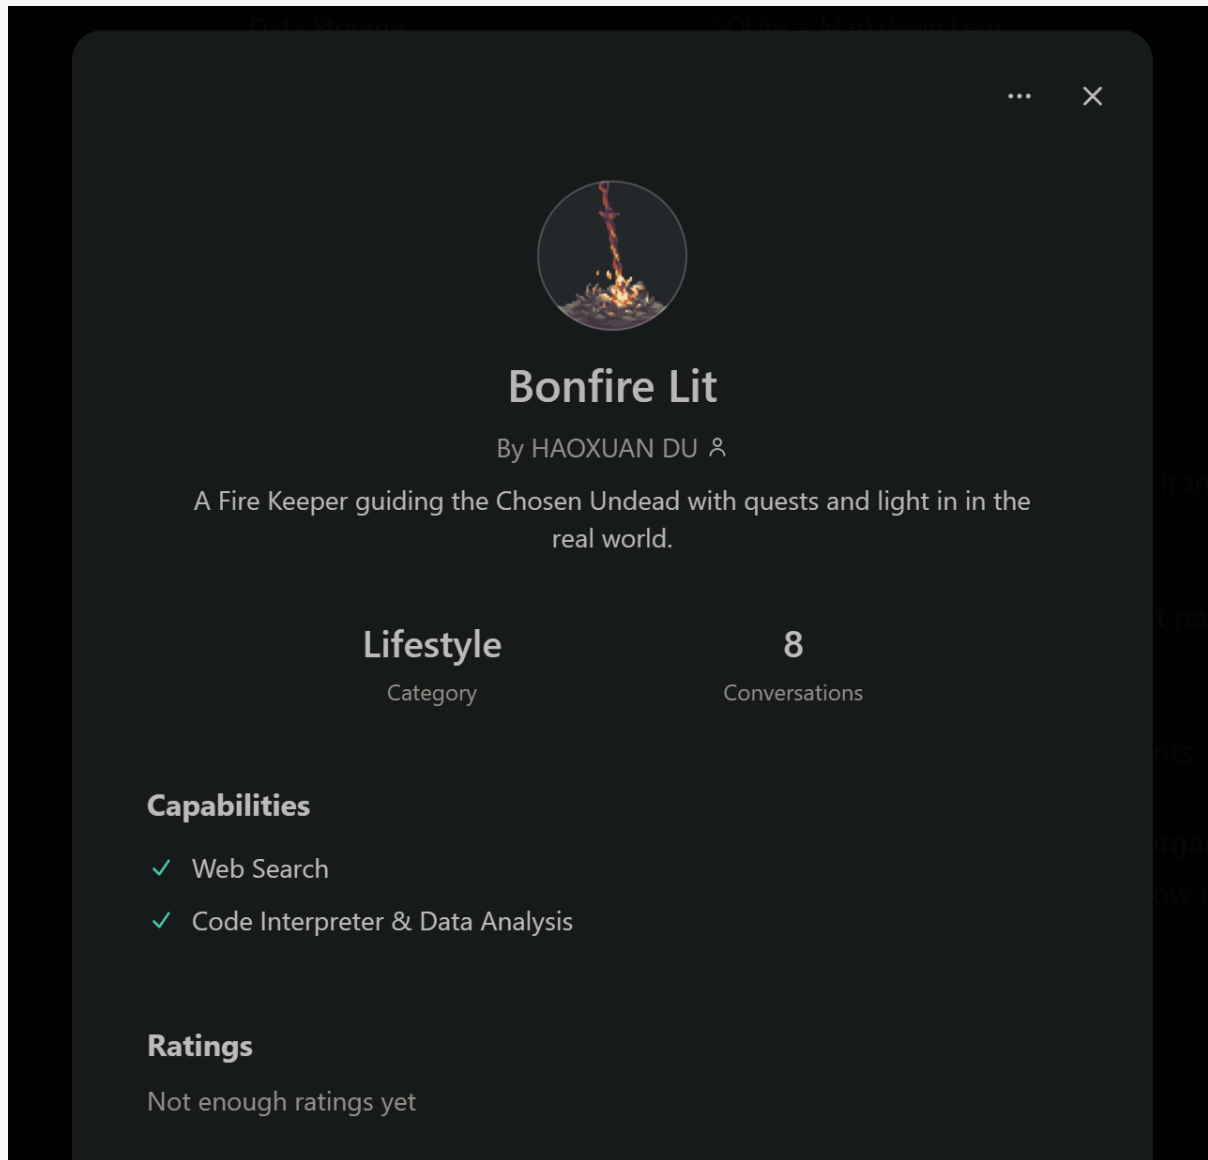

Project Overview

Fire Keeper AI is your personal assistant that combines task management with AI conversation capabilities, wrapped in a Dark Souls themed interface. The project aims to create an immersive, practical tool that helps manage your daily tasks while maintaining the atmospheric essence of Dark Souls.

Soul could be found here:

Bonfire Lit by @Holly Du

Core Features

LLM Integration

- ☐ Research and evaluate existing LLM chat GUIs
- ☐ Implement lightweight testing with AISuite
- ☐ Support multiple LLM backends:
 - OpenAI GPT
 - DeepSeek
 - Claude
 - Local models support

Frontend Development

- Design main interface with dual-panel layout:
 - TODO List panel
 - Conversation panel
- Implement google calendar view with atmospheric background
- Create Dark Souls inspired animations:
 - Bonfire flame effects
 - Task completion animations
- Develop task classification system:
 - 🦴 Boss (Major tasks)
 - 🗡️ Elite (Medium priority)
 - 🐈 Regular (Normal tasks)
 - 🦉 Tedious (But necessary)
 - 🔥 Kindled (Completed bonfire that light your way)

Backend Development

- Implement local data storage system
- Develop encryption for secure file I/O
- Create Markdown export functionality
- Set up GitHub private repository for data management

Graphics

- Implement atmospheric Dark Souls themed interface
- Set up image processing pipeline:
 - Sharp for optimization
 - Canvas API for effects
 - WebGL for advanced visuals
- Create and integrate assets:
 - Generate themed art with DALL-E 3/Midjourney / Hand made
 - Design custom SVG icons
 - Build Dark Souls inspired elements:
 - Bonfire navigation hub
 - Weapon icon buttons
 - Parchment backgrounds

☐ Gothic frame borders

Tech Stack

- Frontend: TypeScript, React/Svelte, CSS/HTML
- Backend: Python
- Storage: Local SQLite/JSON
- Version Control: Git/GitHub

Project Structure

Note: this could be changed a lot.
